Subject: VB/I-70 2015 AOC for Globeville Landing Outfall
Attachments: ATT00001.txt; Admin Settlement Agreement & Order on Consent for Removal Action.pdf

Hi Mark,

I hope you are doing well during these strange times! I am emailing you to ask about the final closeout for the 2015 AOC (attached). Agatha Linger let me know that Jesse Aviles informed her that he considers the AOC complete. However, he was not clear regarding what steps need to be taken to formally complete the AOC.

Based on Section XXVII of the AOC, it looks like the final step is for EPA to provide written notice that all work has been fully performed. Can you please let me know how EPA typically provides this notice? Please let me know if there is anything you need from Denver. We would like to close out this AOC as soon as possible assuming EPA determines all obligations have been satisfied.

Thank you,

Lindsay Carder | Assistant City Attorney
